

UNITED STATES OF AMERICA

At the federal level, the USA operates to a common law system based on English common law. State legal systems are based on common law (except Louisiana, which is based on Napoleonic civil code).

Lexis.com is now available to UK customers and is designed to allow you to advise your clients on any queries relating to the law in the United States of America quickly and confidently

Lexis.com offers UK customers tailored international legal source packages to meet US and international legal research needs. Lexis.com's innovative functions and intuitive navigation mean that through an easy-to-use interface subscribers can access both primary and secondary legal content. This includes cases, legislation, law reviews, treaties, legal directories, practice guides and constitutions. Access to the full breadth of Lexis.com content means subscribers can access US legislation, court rules, administrative decisions, law reviews and treaties along with Commonwealth Case Law and content from other countries such as the USA, Mexico, Japan and the Russian Federation.

Available content includes:

- US Cases
- US Federal Cases
